Cybersecurity Services Provider

CMMC Assessment Services

Are you really ready for CMMC?

KNC is a Cybersecurity Services Provider, as well as a Candidate CMMC Third Party Assessment Organization (C3PAO) through the Cyber-AB. We know assessments, and we know CMMC.

For small businesses in the Defense Industrial Base, the upcoming CMMC requirements are not easy to implement. Most small businesses do not have dedicated cybersecurity staff, in-house expertise, and the available time to focus on implementing the NIST SP 800-171 to prepare for the upcoming CMMC assessments.

There also is rampant misinformation, confusion, and incorrect advice.

We are here to help. Experience our Red, White, and Blue Glove Service.
